RECIPES FOR A

PEACEFUL CULTURE: White Square Project

RECIPES FOR A PEACEFUL CULTURE #4 - WHITE SQUARE PROJECT

Complete the sentence "In our quest for peace we need to..."

1. Create your big white square on which participants may write their answers. We recommend a small white board to save paper - but paper is OK too.

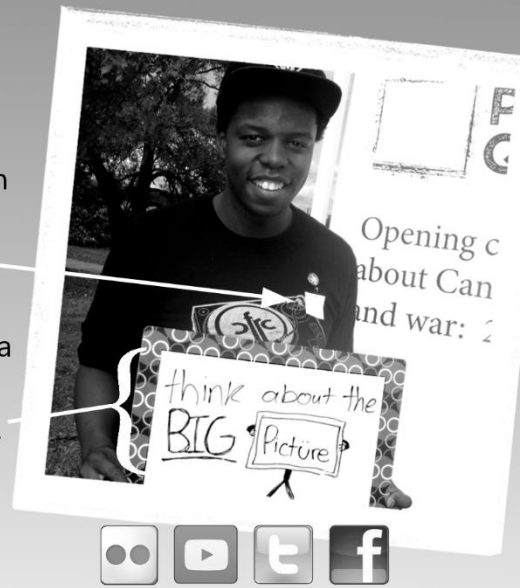

2. Find some safety pins and cut up felt white squares. When someone participates in the project, they pin one on to show their on-going commitment to building a culture of peace. You should see them in the photos.

3. Start taking photos. A local business owner may give you permission to set-up out front or you could set-up in a public park. You could just take a few of your friends and family - it's up to you! Text should be BIG and easy to read.

4. Share them! There are multiple PeaceQuest facebook pages - find the community closest to you or start your own. Tag us at #peacequestygk on twitter or e-mail to: admin@peacequest.ca. Check out our collection on flickr!

5.Planning to take a lot of photos? Contact us at peacequest.ca and we can get you set-up with signage, tabling materials, and all the supplies to you need to support your project!
